CHAIN COMMANDER 130

Portable Grain Pump

- Reaches the middle of a 120’ (36.6 m) wide bunker or bins up to 75’ (22.9 m) diameter
- Optional Swivel Spout available with electric actuators to minimize conveyor relocation
- Hydraulic Hitch allows ease in raising and lowering hitch for transport
- All components are less than 40’ (12.2 M) long to allow loading into shipping containers

Transport Height
Use of trunnion mount style lift cylinders in the undercarriage allows the conveyor to be lowered to an impressive 13.5’ (4.1 m) overall transport height.

Undercarriage and Lift System
The wide stable undercarriage features a double acting hydraulic cylinder lift system that quickly elevates the 130’ unit for either bin or bunker loading.

Optional Remote Swivel Spout with Shur-Co® Equipment
The optional Remote Swivel Spout can be conveniently maneuvered from the remote controls providing complete control of the pile from the safety of the ground.
